21 OTHER NOTABLE FEATURES OF BUILDING OR SITE

Example of a highly unusual Georgian period cottage which mimics the details in the larger house at 128 Hayden Station Road. Here we find same handsome brick-work, gambrel roof, and original 12 x 12 sash. This building was part of the Capt. Nathaniel Hayden Homestead. There is some speculation that it was an early residence of the Haydens before construction of the main house. However this has not been documented. The building could easily have been a shop for Capt. Haydens shoemaking business. (See form for 128 Hayden Station Road.)
