

USFS Lookout Thematic Nomination--Region 3  
Prescott N.F.  
Hyde Mountain Lookout  
UTM Reference 12/324490E/3856500N

The map is a detailed topographic representation of a region in the Prescott National Forest. It features contour lines indicating elevation, with major contours every 1000 feet and minor contours every 200 feet. Key geographical features include several mountain peaks such as Table Top Min (elevation 7000), Pinetop Min (elevation 7000), Camp Wood Mt (elevation 6400), and Cottonwood Mt (elevation 6465). A prominent feature is the Hyde Mountain Lookout, which is circled in black and has an elevation of 7872. The map also shows various ranches, including Seven Up Ranch, Triangle HC Ranch, Yolo Ranch, Paddock Ranch, and Camp Wood. Water features include several creeks and washes, such as South Creek, Truskey Creek, Agooche Creek, Stringtown Wash, Pine Flats Wash, and Cottonwood Wash. A Ranger Guard Station is located near Camp Wood. The map includes a grid system with UTM coordinates and various spot elevations and benchmark (B.M.) markers. A text box in the upper center of the map provides the specific nomination details and UTM reference for the Hyde Mountain Lookout.
