Photo 10. ^{of 11} View northward in
diningroom showing original
mantel with clock-shelf
presumably added in 1882, which

is also the probable date of the
chandelier, the pierglass between
the windows, and the sideboard at
right.

111
Photo 11. View of southeast
corner of dining room showing
mantel, sideboards, chandelier,
and one etched-glass panel inserted

in door to hall in 1882. The
cornice probably dates to 1872,
but the pattern of wood strips on
the ceiling dates to the redecoration
(the wallpaper is recent).
