7. (2) The landscaped grounds immediately surrounding Burklyn Hall are characterized by broad lawns, terraced paths and select plantings of shade trees. An access road laid out in a semi-circle connects the main entrance of the "Hall" with the Bemis Hill Road. The remaining area of the 86 acre estate is comprised of rolling pastureland.

8. The estate, consisting of 86 acres, which constitutes the original environment of Burklyn Hall, has been included in the nomination because it is an integral part of the original design concept and is essential to the preservation of the historical context of the mansion. Various outbuildings, including the riding rink, are all built in a style compatible with the mansion and help in interpreting the continuity of use of the site.
