

The building is a two-story structure with a dark, possibly tiled, roof. The upper story is characterized by a long, dark-framed window wall. The lower story is white and features a portico with a series of thick, square columns. To the right of the portico, there are two arched openings. A set of steps leads up to the portico entrance. The building is situated on a grassy area with a large tree to its right.

A white pickup truck is parked on the left side of the image, facing right. It is a classic model with a short bed.

A dark-colored sedan is parked on the right side of the image, facing right. It appears to be a classic car from the 1960s or 1970s.

A large, mature tree with dense foliage is located on the right side of the building, casting shadows on the white wall.
