

6th day evening.

My dear Brother.

Thy letter was received this morning we were glad to hear of thy safe arrival, we hope thee may like the school and are sure thee cannot help liking thy boarding place. I should not mind going away to school if it were in such a delightful ^{society & society} It rained quite hard yesterday. We were all invited to Sidney & Kaato's party last night but did not go on account of the rain. I should love to have gone had it been pleasant — Father says thee had better study Book keeping he thinks it very useful and all the useful and practical

branches that thee can attend to
he says Burroughs will know
what thee ought to study —
And thee had better buy a pair
of slippers in Syracuse if thee
can find them to suit thee. —
Little Willie has been quite sick
since thee left he has not been
to school since South-day —
he had a sore throat and fever
is some-what better to-night —
he says send a kiss to Mother
Richard and tell him to send
one one in his next letter. Has
cousin Lottie finished that
piece she was painting Susan
the fruit —

Richard and Theodore Lindhill
returned last night. I believe
Richard starts for ^{his} home in Phil-
adelphia next Second-day —
Tell cousin Lizzie that Mother
has not found the pocket-hand-
kerchiefs we made for thee yet

and she wishes to know if she thinks
three shirts will be enough for thee
until Christmas. Mother is making
the some now and if thee can-
not get along without them she will
try and find an opportunity to
send them to thee. I have written
thee quite a letter and I will
close perhaps Sarah will write
a few lines with much love to
all I remain thy affectionate
sister
Mary.
Richard Hunt. —

Dear Brother

As Mary has left a
little room for me I will try to fill
it, although she has told about
all the news, we like our new
Teacher very much her name is
Miss Deansmore she has a gold
cross for a medal and the one that
has the most credit marks for the
week wears it — I think it is a very
good plan, Lillias Gay wears it next
week, thee must excuse the blot
wrap, thee must excuse the blot

as it was an accident of mine, I
hope thee will like it in Syracuse
did thee get a seat in the school room or
does thee study at Cousin Lizzie's room,
I have been doing same this evening and
don't feel much like writing so I guess
I will close, and try to write a longer one
next week, do write every week and if
thee has time we would be very glad to
hear from thee more than that. Mother
and Father send their love to thee and
Cousins Lizzie and Boroug ^{with much} ~~give me~~
love to all I remain as ever thy affection-
Richard Hunt. -ate sister Sallie

Sunday day evening
P.S. we have found thy Physiology
does thee think thee will want
it? It'd be my self can get it
when this comes home. I wish
Satchworth is at Uncle George's I
do not know how long he is
going to stay — Sarah
