Section number 8 Page 1

---

The Shady Lake Picnic Pavillion was constructed circa 1940 by members of the 742nd Company of the Arkansas CCC District stationed at the Mena Camp that was located approximately eight miles to the northeast, near the small town of Shady. It was constructed as part of a small, public recreational complex within the Ouachita National Forest (ONF) as a result of the CCC's emphasis upon recreational construction that began in earnest circa 1935. The extant historic structures within this complex include this picnic pavillion, a caretaker's house, a bathhouse, and a dam (each of which is nominated separately), all of which allowed the area to function purely as a swimming and picnicking facility, as it continues to do today. As such, the Shady Lake Picnic Pavillion remains significant through its associations with the contributions to American social history made by the Civilian Conservation Corps, its associations with the emphasis upon outdoor recreation that guided such construction, and its status as an excellent example of CCC recreational architecture in a remarkable state of preservation.
