At the present time Jacksonport State Park consists of almost four acres of attractive land situated on the bank of the White River. The park area close to the river is in grass which is kept mowed and there are many trees scattered throughout the park grounds. There are picnic benches installed, but no comfort stations as yet. Close to the entrance of the park the old courthouse still stands. This structure is about the only indication that Jacksonport was once the county seat and a thriving community. The old courthouse now houses a museum.

Prior to the Civil War the area which now comprises the park was the site of a bustling riverport, with stores and residences lining the streets that ran parallel and perpendicular to the waterfront. Jackson-port was the high river point for large steamboats from New Orleans, Memphis, St. Louis and Cincinnati. At Jacksonport cargoes were transferred to smaller boats which were able to continue further up the White and the Black Rivers.

STATEMENT OF SIGNIFICANCE

Jacksonport is significant in Arkansas history as its virtual disappearance points up the effect of changing modes of transporting goods and people on the economy of a community.

Jacksonport was laid out by Thomas Tunstall, a Kentuckian, in 1833. Tunstall came to the site from New Orleans in his steamboat, the William Purson. Shortly after his arrival Tunstall and Samuel Reid established the first store in the region.

Jacksonport owed its success to its advantageous location near two rivers that were able to carry steamboats the year round. This was the reason that Jacksonport was able to forge ahead of her sister city of Batesville whose river traffic was often stalled during the dry months of the year. Jacksonport early became a point of transfer for boat cargoes going to upriver points as well as a shipping center for the vast Ozark hinterland. Wagon trains, loaded with farm products, game and hides, and pulled by yokes of oxen, came out of the mountains from points as far north as Springfield and West Plains, Missouri. Jacksonport incorporated as a town in 1852 and started to build its courthouse in 1861.

The Civil War brought Jacksonport its first troubles. In March of 1862, after the Battle of Pea Ridge and Elkhorn Tavern, Union General Samuel R. Curtis traveled eastward down the White River. He reached Jacksonport in June of that year and after fighting a small engagement with Confederate troops took the town and placed Union troops in garrison there. These troops were, however, driven from Jacksonport by troops of the Confederacy under Major-General T.C. Hindman. On June 5, 1865, Confederate General Jeff Thompson formally surrendered the army of Northern Arkansas to Federal authorities. The surrender was made at Jacksonport.

8. SIGNIFICANCE, CONT'D

It was the railroad, however, which was eventually to strike the death-blow to the town. When the city fathers had first been approached by railroad officials with a request for a grant of land near the town, and \$25,000 in cash to cover the cost of building spur tracks in the town. the city officials had felt that their position as a center of trade and commerce was so secure that they felt the railroad needed them more than they needed the railroad. Proceeding on this assumption they refused both the land and the money. The railroad broke off the negotiations and made plans to run their tracks further to the east, bypassing Jacksonport. In 1872 the railroad laid tracks three and one-half miles down the White River from Jacksonport and set up a depot. A town developed which was called Newport. By 1882 Jacksonport was dying. A flood and a disastrous fire in 1882 hastened the decline of the city. It lasted for another ten years as a county seat, but in 1891 was forced to turn over its court records and archives to the upstart town of Newport which had become the new county seat.

Hon. John L. McClellan United States Senate Washington, D. C.

Dear Cemeter McClellan:

We are pleased to inform you that the historic properties listed on the enclosure have been nazinated by the officer appointed by the Governor for the implementation of the Sational Historic Preservation Program in Arheamas and have been entered into the "Mational Register of Historic Places." Senetor J. W. Bulbright and appropriate Representatives have also been provided with this information. A leaflet explaining the Extional Register is enclosed.

Sincerely yours,

Ernest Allen Connally Chief, Office of Archeology and Matoric Preservation

Marks' Mills Battle Field Perk (New Biliburg, Arkansas) Jenkins' Ferry Battleground (Leola, Arkansas) Jacksonport State Park (Jacksonport, Arkansas)

1-23-14 Code JAN 2 4 1974 134-FR Colonel Bonsld G. Weinert Corps of Engineers Department of the Army Little Rock District P. O. Box 867 Little Rock, Arkansas 72203 Bear Colonel Weinert: Thank you for sending us the "Public Notice of Initiation of Manning Studies Village Creek, Jackson and Lawrence Counties, Arkansas." Two properties in these counties are now listed in the National Register of Historic Places: Jackson State Park, between Avenue, Main, and Millard Streets, and the White River Jacksonport Jackson County Powhatan Courthouse Powhatan Lawrence County At this time, we know of no other historic properties in these two counties. You should, however, consult the Arkansas State Historic Preservation Officer, Mr. William E. Henderson, Director, Arhanses Department of Parks & Tourism, State Capitol - Room 149, Little Rock. Arkanses 72201 to ascertain if the State knows of other historic properties in the area. You are also probably aware that under Executive Order 11593, agencies of the Federal government are required to locate, inventory, and nominate properties under their jurisdiction or control to the Mational Register. If in conducting your survey you discover properties which may be eligible for nomination, you should consult the Corps of Engineers Federal Representative for Executive Order 11593, Mr. Richard Leverty.

Environmental Branch, Planning Division, Office Chief of Engineers, Washington, D. C. 20314 concerning procedures for preparing and subsitting nominations. You will also note from the enclosed copies of Executive Order 11593 that under Section 2(b), the Secretary of the Interior is authorized to make determinations of eligibility. If you have any questions concerning the eligibility of a property you should call or write us (telephone 202-523-5410) for a determination. If the property is declared to be eligible by the Secretary of the Interior, an agency of the Federal government must allow the Advisory Council on Historic Preservation an opportunity to comment before undertaking any project which may have an effect on the property.

We look forward to assisting you in assessing the impact of the project in Jackson and Lawrence Counties on the cultural resources of the area.

Sincerely yours,

William J. Murtagh (Sgd.)

REPLY TO ATTENTION OF

3 December 1973

PUBLIC NOTICE OF INITIATION OF PLANNING STUDIES VILLAGE CREEK, JACKSON AND LAWRENCE COUNTIES, ARKANSAS

INVITATION TO PARTICIPATE IN PLANNING. The purpose of this notice is to inform the public of initiation of planning studies for the Village Creek basin and to invite the public to actively participate in the planning studies. By furnishing information relative to this work, you can aid in insuring that this project is responsive to the needs of the area. data are needed regarding records of flood damages, existing improvements in the flood plain, and environmental resources of the drainage basin. We also need your opinions on water resource problems of the basin, possible improvements that should be considered as solutions to these problems, and possible adverse effects from the implementation of these improvements. You may provide any information which you feel is pertinent in writing, by telephone (501-378-5751 or 501-378-5606), or by personal visit to the Little Rock District, Corps of Engineers, Federal Building, Little Rock, Arkansas.

AUTHORIZATION. The Village Creek project was authorized by Public Law 87-874, Title II. The authorized project is described in House Document 352, 87th Congress, 2nd session.

PERTINENT DATA. Village Creek is a left bank tributary of the White River. It rises in Randolph County about 12 miles northeast of Walnut Ridge, Arkansas, and flows southward through Jackson and Lawrence Counties to join White River at mile 250.7 about 7 miles south of Newport, Arkansas. The authorized project would provide improvements for flood control and drainage in the Village Creek basin. The authorized project consists of channel modifications for Village Creek from mile 61.2 to its mouth and a system of group laterals and on-farm drainage facilities, the latter to be constructed by local interests. Tables of pertinent data and costs and a map of the authorized project are inclosed.

SCOPE OF POST-AUTHORIZATION PLANNING STUDIES. The initial phase of post-authorization planning studies will provide a reassessment of the authorized project to determine whether it should be retained or modified to meet changed conditions. This phase will include the following elements:

- a. Current evaluation of the areas' flood reduction needs and problems.
- b. Consideration of comments received during the review of the project prior to its authorization in 1962.
 - c. Appraisal of current public attitudes.
- d. Consideration of current water resource policies and evaluation criteria and procedures.
 - e. Alternatives to the authorized project.
- f. Identification and analysis of social, environmental, and economic impacts of the authorized project and alternatives.
 - g. Reevaluation of benefits and costs.
 - h. Recomputation of cost apportionment. The services of disease
 - i. Preparation of an environmental statement.
- j. Coordination with Federal, State, and local agencies and interested organizations and individuals.
- k. Reaffirmation of the willingness of local interests to furnish the required items of cooperation.

Other items included in the post-authorization planning activities include a report and plans and specifications based on the selected project described in the environmental statement.

COMPLEMENTARY IMPROVEMENTS. For full benefits from stream modification of Village Creek, local interest groups must provide improvements on tributaries, group and on-farm drainage facilities. It is understood that sponsoring local interest organizations will make application for assistance from the Department of Agriculture concerning technical, financial, and credit assistance on these improvements. The Corps of Engineers and the Soil Conservation Service of the

Department of Agriculture will coordinate fully on planning of improvements in the Village Creek watershed.

Sincerely,

3 Incl

1. Pertinent data

2. Pertinent costs

3. Map of project

DONALD G. WEINERT Colonel, Corps of Engineers District Engineer

March 16, 1978

Colonel C. E. Edgar III District Engineer Little Rock District Corps of Engineers P. O. Box 867 Little Rock, Arkansas 72203

Dear Colonel Edgar:

This is in response to your request of March 3, 1978, for comments on the draft Detailed Project Report for proposed improvements at Jacksonport State Park, Jacksonport, Arkansas. The Council has reviewed the subject document and notes that the proposed undertaking appears to be within the boundaries of the Jacksonport State Park, Jacksony AC. a property included in the National Register of Historic Places and therefore entitled to the protection afforded it by Section 106 of the National Historic Preservation Act (16 U.S.C. 470f, as amended, 90 Stat. 1320). We also note from our review that in 1975 the Corps of Engineers attempted to comply with the requirements of Section 106 through consultation with the Arkansas State Historic Preservation Officer which resulted in a joint finding of no adverse effect.

However, the Corps should be aware that upon a finding of no adverse effect, it is required to submit adequate documentation of that finding to the Executive Director in accordance with Section 800.4(d) of the "Procedures for the Protection of Historic and Cultural Properties" (36 CFR Part 800). The "Procedures" detail the steps required in complying with Section 106.

This matter was the subject of a telephone discussion with members of your staff on March 15, 1978. From those discussions we learned that the use of the words "no adverse effect" may have been inappropriate and the correct finding perhaps should have been "no effect."

Page 2 Colonel C. E. Edgar III Jacksonport State Park, Arkansas March 16, 1978

Because of the apparent confusion over whether or not the identified National Register property will be affected by this undertaking, and also because the coordination with the State Historic Preservation Officer took place nearly three years ago, the Council requests that the Corps consult the present State Historic Preservation Officer, Ms. Anne Bartley, Suite 500, Continental Building, Main & Markham Streets, Little Rock, Arkansas 72201, and provide it a report on its findings along with a proper determination of effect made in accordance with the "Procedures."

Should you have any questions regarding this matter, please contact Michael H. Bureman at (303) 234-4946, an FTS number.

Your continued cooperation is appreciated.

Sincerely yours,

Signed

MAR 1 7 1978
