A black and white photograph of a stone building facade. The central focus is a large, rectangular stone block with the words "Citizens Bank" and "1910" carved into it. The text is in a stylized, serif font. Two horizontal lines, one above and one below "1910", extend outwards from the text. Above the stone block, there is a small, square, louvered window. The building is surrounded by trees, with their leaves visible in the upper corners of the frame. The overall appearance is that of a well-maintained, historic structure.
