

Handwritten text, possibly a list or notes, with several lines of illegible script. The text is written in dark ink on a light background.

1. The first part of the paper is devoted to a general discussion of the problem.

2. In the second part, we consider the case of a homogeneous medium and show that the solution can be expressed in terms of the Green's function of the Helmholtz equation.

3. Finally, we discuss the case of an inhomogeneous medium.

Handwritten text, likely bleed-through from the reverse side of the page. The text is extremely faint and illegible due to low contrast and blurring. It appears to be organized into several lines or paragraphs, but the specific words and characters cannot be discerned.
