ARCHITECTURE

STATEMENT

Proximity to the pivotal 1354 W. 3rd makes this little commercial building an integral part of the W. 3rd - Fillmore group. It is a relatively intact example of small-scale commercial architecture from the turn of the century, similar to stores found in many small (and large) Iowa communities.

SIGNIFICANCE

DESCRIPTION

This building was probably constructed in 1904-05 by owners of the adjacent meat market. Adolph Peters operated a barber shop from this location beginning in 1906 and other barbers occupied the shop in succeeding years. The barbershop was and is a part of a commercial intersection serving the West Third Street neighborhood.
