## EUROPEAN LOW EXECUTIONS RADICALS DAMAGE SHOPS, AND CABARETS

Paris, August 23 (AP)—The American and the burning at Johanna, were some of the news countries an execution of Sacco and London police with drawn last among these three.

### EXPLOSION DUE TO LEAKY GAS PIPE

#### Three Stores in Chicago West Side Building Wrecked.

#### Many Families Driven from Their Apartments.

CHICAGO, August 24 (AP)—An explosion, attributed to gas from a leaking pipe, wrecked three stores in a one-story building on the west side early today, and fire then destroyed the structure. Firemen found no traces of a body in the ruins, although a man in the neighborhood said the proprietor of a store had been asleep in the store. A grocer and the owner of a bakery in the building said they could not account for the blast.

Scores of persons in the neighborhood were evicted from beds and fire spread to an adjoining three-story building. Another three-story building also was damaged. Many families were driven from their apartments.

The explosion occurred in a building supposed to have housed a still operated by a well known beer racketeer, leading the police to the theory that rival gangsters dynamited the building. Windows were shattered in buildings within half a mile radius. The structure in which the blast occurred was occupied by four stores in the front, with a long room in the rear, supposedly housing the still operated by John Scallise, gangster once acquitted of murder in connection with slaying of two policemen.

Other buildings adjoining were damaged to great extent with fire following the explosion. There was a near panic among the occupants of the neighboring structures when they were tumbling from their beds. Many were forced to flee to the street as they were rescued by firemen.

### HOPE FOR MISSING FLIERS WANES

#### Chances Also Faint for Recovery of Two Searchers.

#### Craft Combing Great Circle Steamer Lane.

SAN FRANCISCO, August 24 (AP)—A woman and four men—seven days lost at sea, two more days of search.

Hope for the missing Dale crew fliers—Miss Mildred Dornan, John Augy Pedlar, Lieutenant V. E. Knox, Jack Frost and Gordon Scott—who left the Oakland municipal airport for Hawaii a week ago today, glimmered waning on the seventh day of silence. Chances were as faint for the recovery of Captain William P. Erwin and A. P. Kestwaldt, who flew out of the airport Friday in search of their missing companions and were believed to have crashed into the sea after sending out a frantic S O S on their radio.

In the face of discouraging reports from the 42 submarines, destroyers, airplane carriers and their searching eyes ever flashing the coasts, income tax, all, all periodically by radio, 15 additional destroyers and one light cruiser, under command of Admiral Luke McNamee, were ordered to join the search.

Seven destroyers developed across a 21-mile front are continuing the well-nigh hopeless search along the great circle steamer lane between San Francisco and Honolulu. Three of the army's De Havilland planes, which left Lake Field, Honolulu, to fly over the mountains in the hope of finding a fallen plane, are expected to report the result of their search today.
