ASH CREEK SCHOOL

OWNER: Mr. Theron Quinton, 837 Michigan Avenue, Beaumont, CA 92223

LOCATION OF LEGAL DESCRIPTION: Latimer County Courthouse, Wilburton, OK 74578

DESCRIPTION: Good; unaltered; original site

A classic one room building, the Ash Creek school is a single story, rectangular (33' x 22') structure constructed of cut and coursed native sandstone. Masonry is somewhat crude. The front door is recessed behind an archway covered with a small porch. Wood sash windows, resting on concrete sills, reach to the eaves.

SIGNIFICANCE: 1936; builder/architect: Okla. State Dept. of Education pattern book

The school building is significant because it is one of the few one-room WPA constructed school houses that remains in good condition. It is also a good example of a structure built in the early days of the program, demonstrating crudeness of stone cutting and masonry. Construction of the school also provided work opportunities in a rural and remote area for destitute laborers who had suffered much because of the lack of economic security during the early years of the depression. And it is notable as well because the school district never owned the property upon which the building was constructed. Architecturally it is unique in the community because of its type, style, scale, materials and workmanship.
