1319

A black and white photograph of a building's entrance. The entrance features a dark, heavy door with two large glass panels. Above the door is a dark transom window containing the address number "1319" in a light-colored, serif font. The building's facade is made of dark brick, with white-painted concrete or stone pillars on either side of the door. Each pillar is topped with a spherical light fixture. The ground in front of the door is a light-colored sidewalk with visible expansion joints. The glass of the door reflects the street scene, including a car and buildings in the distance.
