History

Erected by Thaddeus Tuttle in 1804, Grassemount was later the home of Cornelius P. Van Ness, Governor of Vermont from 1823 to 1826. In 1895 the mansion was acquired by the University of Vermont and has been utilized since that date as a women's dormitory.

Significance

Grassemount is one of the finest and most elaborate examples of a large Adamesque-Federal styled mansion in Vermont. The structure, along with H. H. Richardson's Billings Library, is one of the outstanding landmarks in the architecturally and stylistically rich University district of Burlington.
