Significance (Indicate sources of information for all statements)

20. Architectural significance

XX a. Key structure/individually may qualify for the National Register

b. Contributing structure

c. Not eligible/intrusion

Very early two-story brick residence, symmetrical fenestration, central door on first floor, but only four small windows along eaves on second floor - all in north 2/3 of front. No chimney. Single story frame addition across rear and second addition, single story behind that. Half basement beneath original brick.

Item Number(s) STATEMENT OF SIGNIFICANCE/ Architectural--X- Historical----

"Saltbox Style": The five bay Nieland House is a local version of the New England Saltbox. Unique to the structure are the four small windows located beneath the second floor eaves. Also of note is the lack of bay symmetry on the gabled side of the house.
