

Lake Superior
MICHIGAN WISCONSIN
HEIGHT OF LAND PORTAGE
A narrow strip of land connects the two states across the water.
The portage is about 1/2 mile long and is the only place where
the two states meet. The portage is a natural barrier between
the two states and is a very important part of the region.
The portage is a natural barrier between the two states and is
a very important part of the region. The portage is a natural
barrier between the two states and is a very important part
