NATIONAL SURVEY OF HISTORIC SITES AND BUILDINGS SUPPLEMENTARY SHEET

This sheet is to be used for giving additional information or comments, for more space for any item on the regular form, and for recording pertinent data from future studies, visitations, etc. Be brief, but use as many Supplement Sheets as necessary. When items are continued they should be listed, if possible, in numerical order of the items. All information given should be headed by the item number, its name, and the word (cont'd), as, 6. Description and Importance (cont'd)...

STATE	NAME(S) OF SITE
•	1
Amigona	Apache Pass and Fort Bowie
ALTZOUS	1 Apache rass and for bowle

The original fort, badly eroded, stands on a hill overlooking the strategic springs. It was replaced in 1868 by a larger post, the adobe walls of which, in varying stages of erosion, mark practically all the buildings. The stone corrals still stand and the water system still is evident. The pass remains much as it was when used by the Indians.
