USGS QUADRANGLE: <i>Sunapee NH 15' series</i>	<i>(See continuation sheet)</i>	
PHYSICAL DESCRIPTION: <p><i>This two-and-a-half-story clapboarded house measures roughly 30' x 25' and is five bays across by two bays deep; a side ell extends to the south. The structure rests on a brick foundation with cement facing on the front, and is topped by a gable roof sheathed in asphalt shingles. There is a brick central chimney on the ridge which includes a corbelled cap. The central entry consists of a replacement six-panel door with triangular pediment above. Windows on the front (west) facade are 6/6 while those on the gable ends are 2/2. The side (south) ell measures 22' x 18' and is recessed 13' from the front wall of the main block.</i></p> <p><i>Across Route 10 from the house is a post and beam barn with red clapboard siding. There are three doorways with large sliding vertical plank doors. The three windows on the front are spaced irregularly. A small attached ell extends to the south. Behind the main house are a hen house complex covered in wood shingles and a small clapboarded playhouse. Lawn with ornamental plantings and a wooded area complete the parcel.</i></p>		
STATEMENT OF SIGNIFICANCE: <p><i>This is the only existing two-and-one-half-story plank house in Goshen. There is one other unusual feature in that the three-inch planks are placed horizontally instead of vertically. The Powers House (Site #1) is the only other of the group with this construction. In addition, the house, constructed c. 1835, is visually dominant in the Mill Village area.</i></p>
