TATEMENT OF SIGNIFICANCE

The original house is said to be one of the oldest structures extant built in Camden County. The area was one time known as Cooper's Ferry which was settled by William Cooper and Richard Arnold. They purchased large tracts of land from the Indian tribe under Tellacca in 1681.

William Cooper deeded the land on which the house stands to his son, Joseph, in 1695. In c. 1750 Isaac Cooper built the addition to the original house. He offered it for rent with the following advertisement:

"To be lett for a term of ten years, from the first of March next ensuing, a plantation in the township of Newton and the County of Gloucester, situate on the Deleware River and Cooper's Creek, Where Isaac Cooper lately dwelt, about a mile and a half from Philadelphia; consisting of about 80 acres of plowing land; 20 acres of drained meadows, and half an acre of sparrow grass; a good dwelling house.....Any person inclining to rent the same may know terms by applying to Isaac Cooper aforesaid at his dwelling, two miles from said place."

The house remained in the possession of the Cooper family untill 1825.
