NORTHWEST ELEVATION, ORIGINAL BUILDING, & 1978 ADDITION

A black and white photograph of the State Bank of Townsend building. The building features a prominent portico with two large, fluted columns supporting a pediment. Above the columns, the words "STATE BANK OF TOWNSEND" are inscribed in a large, serif font. Below the columns, a smaller entrance is visible, topped with a decorative pediment and a sign that reads "ESTABLISHED 1899". The building's facade is made of brick, and the entrance is dark, suggesting a shadowed interior. The overall style is classical and institutional.
