The Old Baptist Parsonage original remaining structure is of cut sandstone walls 16" thick with furred off plastered interior walls. A marble diamond shaped date stone is set below the second floor windows on the northwest corner. It is a full 2 story house with originally 2 rooms downstairs and 2 upsteirs. Each room with a fireplace. The original kitchen was a separate out building - since removed. It has a generously wide hall and gentle rising stair with nicely turned balusters and graceful hand rail. The original hardware remains on most of the doors which are flush panel one side, 6 panel (not raised) on the other side. A balancing wood clapboard frame addition was added (1854), making it a typical center hall, 4 room first floor - 2nd floor has been modernized with a bath, and a new kitchen installed on the southeast newer wing for use by current residents.

It is hoped to restore first floor rooms for Museum and meetings and use second floor for custodian's apartment. The desire of the Church people and local townsfolk to preserve this landmark is great and its setting at the approach to the Town's Municipal complex and Town center is most appealing, aesthetically and historically.

## STATEMENT OF SIGNIFICANCE

This old parsonage, built in 1786, replaced an earlier frame Parsonage destroyed by fire that same year. It is unique in its use of cut brownstone, a very uncommon practice in this area of the state, as most of the buildings were of frame or brick with the stone being used only in foundations. The choice of stone was obviously a result of the burning of the earlier building. / It is of handsome proportions, retaining nearly all of its original features on the first floor, in mantels, trim, early hardware, wide floor boards, etc. The stone wasfurnished and erected by one William Miller and quarried at some distance on the other side of "The Mountains" and hauled in by Ox cart.

The real significance of the building in addition to its Architectural merit is the fact that it was the site of the Manse which housed the Ministers of this church, which was the Mother Church to the First Regular Baptist Church of New York City (1762). One of its ministers also founded Brown University in 1.764 in Providence, Rhode Island, as well as off shoots in Lyons Farm 1769, Samptown (New Market) 1792, Mashington Kentucky 1788, May's lick Kentucky 1792 and others.

This church originated from the "First" Baotist Church in New Jersey in Piscataway, New Jersey.
