**Charles M. Pratt House**

**Ventura County, California**

**View from driveway looking north east. Front entrance has typical Greene and Greene elements: river rock and clinker brick masonry and deep overhanging eaves. Unique to the Pratt house is: the modified U-shaped floor plan, the degree to which the house is integrated into the landscape and the asymmetrical composition of the second story which makes a transition from the two story bedroom wing to the one and one half story dining room on the right.**
