

A black and white photograph of the Lakeland College campus. In the foreground, a paved road curves from the bottom left towards the center. A concrete sign with a dark top section containing the text "Lakeland College" stands on a low concrete base. The middle ground is a large, well-maintained lawn with several trees, including tall evergreens and large deciduous trees. In the background, a large, multi-story brick building with a prominent central tower and a gabled roof is visible. To the left, another building is partially obscured by trees. The sky is clear and bright.
