National Register of Historic Places Registration Form

Nat. Register of Historic Places
National Park Service

This form is for use in nominating or requesting determinations for individual properties and districts. See instructions in National Register Bulletin, *How to Complete the National Register of Historic Places Registration Form*. If any item does not apply to the property being documented, enter "N/A" for "not applicable." For functions, architectural classification, materials, and areas of significance, enter only categories and subcategories from the instructions.

1. Name of Property

Historic name: Bergin Block Additional Documentation - Removal

Other names/site number: _____

Name of related multiple property listing: Historic Resources of the Lewiston Commercial District Multiple Resource Area

(Enter "N/A" if property is not part of a multiple property listing)

2. Location

Street & number: 330 Lisbon Street

City or town: Lewiston State: Maine

County: Androscoggin

Not For Publication: n/a

Vicinity: n/a

3. State/Federal Agency Certification

As the designated authority under the National Historic Preservation Act, as amended, I hereby certify that this _____ nomination _____ request for determination of eligibility meets the documentation standards for registering properties in the National Register of Historic Places and meets the procedural and professional requirements set forth in 36 CFR Part 60.

In my opinion, the property _____ meets ☒ does not meet the National Register Criteria. I recommend that this property be considered significant at the following level(s) of significance:

_____ national

_____ statewide

_____ local

Applicable National Register Criteria:

_____ A _____ B _____ C _____ D

Statement of Significance Summary Paragraph

(Provide a summary paragraph that includes level of significance, applicable criteria, justification for the period of significance, and any applicable criteria considerations.) (Refer to photographs)

This documentation is presented to remove the Bergin Block in Lewiston, Maine from the National Register of Historic Places.

Narrative Statement of Significance (Provide at least **one** paragraph for each area of significance.)

The Bergin Block at 330 Lisbon Street (NR: 86002278) was listed in the National Register of Historic Places on April 25, 1986 as an architecturally significant property within the *Historic Resources of the Lewiston Commercial District Multiple Resource Area*. In 1998, after review by the Lewiston Historic Preservation Review Board, a permit was granted to demolish the building. The property owner cited building deterioration, inadequate plumbing and parking, and environmental hazards including lead paint, as grounds for demolition. Aerial photographs taken in 2003 show that the building was gone by that time. The site is now a parking lot owned by the City of Lewiston.

This additional documentation is submitted in order to remove Bergin Block from the National Register as per 36 CFR 60.15 (a)(1) because "the property has ceased to meet the criteria for listing in the National Register because the qualities which caused it to be originally listed have been lost or destroyed...". A copy of the demolition permit is attached.

8. Major Bibliographical References

densely built-up x commercial x scattered buildings___
residential___ other___
20. Interrelationship of Buildings and Surroundings:

The large size and elaborate cornice piece of this building are well suited to the corner location at the intersection of Spruce and Lisbon Streets. Further south, a modern bakery facility is followed by a streetscape of diverse buildings reflecting the mixed use character of the area. This is the last strong element of relatively continuous buildings depicting the commercial character on the east side of Lisbon Street.

DESCRIPTION

21. Other Notable Features of Building and Site, include Interior Features if known:

Classical style features of this sizeable, flat-roofed, light orange, brick clad block include a deep metal cornice with projecting arched pediment supported on oversized metal consoles enriched with relief acanthus foliage. Relief lettering on the tympanum depicts the name "Bergin Block, 1913." Surmounting and surrounding the pediment, the roofline is embellished with large molded rinceaus. Strip pilasters with granite bases and corbeled capitals, rise from above display windows to a brick corbel table over the fourth story windows. The regular fenestration pattern includes rectangular window openings with rock-faced granite sills and reticulated brick, flared lintels. Spandrel panels between floor levels are embellished with patterned brickwork.

The east iron storefront retains many original details including:

- o Square columns with paneled shafts supporting a substantial lintel with projecting cornice that separates the storefront from the upper stories.

-CONTINUED ON REVERSE SIDE-

SIGNIFICANCE

22. Date of Initial Construction: 1913

23. Architect: unknown Address: _____

24. Builder: unknown Address: _____

25. Historical and Architectural Importance:

This structure contributes to the architectural depiction of Lisbon Street's evolving commercial and residential character. Its facade exhibits a notable similarity to the nearby LaPlante building, (319 Lisbon Street). Common features include the light orange cladding brick, panels of patterned brickwork between floor levels, and the large, ornate metal cornice. These elements suggest the possibility of a common builder, contractor or architect.

The building originally accommodated the Bergin's tavern, reputed to be the finest north of Boston. It is attributed with the distinction of being the first tavern in Maine with the capability of pumping beer up to the streetlevel bar from barrels located in the cellar.

26. Sources:

Tax assessment records, Assessor's Office, City Bldg., Lewiston.

Deed research, Registry Department, Androscoggin County Bldg., Auburn.

Interview with present owner, Julius Wise, August 1984.

JUL 18 1985

21. Notable Features.....cont'd

- o original storefront windows with wood sash and division bars, wood panels below and toplights above;
- o brick strip pilasters at the south facade streetlevel with prominent corbeled capitals supporting the lintel;
- o a recessed entry, elevated on a granite base, featuring a wood paneled ceiling and mosaic tile floor and original door with brass hardware.

The interior retains an original metal ceiling, with relief embellishment and mosaic-tiled floor.

DESCRIPTION

- 7a. Architectural style: Neo-Classical
- 7b. Briefly describe the site or structure and describe any major alterations from its original condition:

Standing four stories high at the corner of Lisbon and Spruce Streets, the Bergin Block is constructed of brick with stone and metal trim. The two principal elevations (west and south) have yellow brick facing and square headed windows with one over one double hung sash. The flat arched lintels, pilasters and metal cornice supported on brackets are neo-classical features. The cornice has a large round arched pediment with scroll-shaped cresting. The name and date of the building is in relief in the pediment. The first story is, like the upper stories, unaltered. A shopfront with cast iron pilasters and wooden and glass display windows and a doorway to the upper floors extends around the elevations. The interior of the store contains original metal ceiling, tile floor and hardware.
