EPSON

SOUTH SIDE SCHOOL

A black and white photograph of a school building. The building is a two-story structure with a light-colored, possibly stucco, exterior. The words "SOUTH SIDE SCHOOL" are printed in a bold, sans-serif font across the top of the entrance area. The entrance itself is a large, dark doorway. In the foreground, there are several large palm trees with long, feathery fronds, some of which are slightly out of focus. There are also some smaller bushes and plants near the base of the building. The overall scene is brightly lit, suggesting a sunny day.
