Point Richmond Historic District

A black and white photograph of a fire station. The building is a long, single-story structure with a light-colored facade and a dark, corrugated metal roof. The roof has a complex, multi-level design with several gables and a prominent section that slopes steeply upwards. In the foreground, there is a paved road with a concrete curb. A tall, thin utility pole stands on the left side of the road. Several large, dark evergreen trees and bushes are planted along the base of the building. The sky is clear and light-colored.
