PHOTO NO. 37

A black and white photograph of a street scene. On the left, a dark-colored building has a white sign above its entrance that reads "ROM Computer Service" in a bold, sans-serif font. Below the main text, in smaller letters, it says "SALES-SERVICE-TRAINING" and "465-0301". The entrance has a small set of steps with white handrails. To the right of this building is a taller, multi-story building that appears to be in a state of significant disrepair. Its upper floors have many missing windows, leaving dark, empty frames. The ground is a wide, cracked asphalt street with several utility wires running across it. In the background, other buildings are visible, including one with a prominent arched window on the right side. The sky is clear and bright.

A black and white photograph of a single-story commercial building. The building has a light-colored, textured facade and a flat roof. A sign is mounted on the left side of the building, featuring a sun icon and the text "Sunshine Domestic" with "Home & Office Service" in smaller text below. The building has a central entrance and two large windows on the right side. To the right of the building is a taller, darker building. The foreground shows a cracked asphalt street and a sidewalk. Utility poles and wires are visible in the background.

ACE HARDWARE

A black and white photograph of a two-story brick building. The ground floor features a storefront with a sign that reads "ACE HARDWARE" in large, white, block letters. Below the sign is a doorway and a window display filled with various items. The second floor has two windows. To the right of the building, a utility pole with several power lines stands prominently. In the background, another building with a striped awning is visible on the left, and a structure with scaffolding is on the right. The foreground is a wide, cracked asphalt street.
