General view of bridge from south.

PHOTO NO.

1 of 2

A black and white photograph of a covered wooden bridge. The bridge is constructed from dark, weathered wood. Above the entrance, a white rectangular sign is mounted on the wall, displaying the text "11 FT 6 IN". The bridge's interior is visible, showing a wooden deck and a complex network of wooden beams and cross-bracing. The bridge leads to a bright, open area at the end, possibly a road or a field. The overall scene is captured in a perspective view, looking down the length of the bridge.

11 FT 6 IN
