

ROWING AND SAILING  
BOATS FOR RENT

This black and white photograph captures a waterfront scene featuring a cluster of wooden buildings. In the foreground, a large, two-story houseboat or cabin sits on stilts, its lower level partially submerged in dark water. A small boat is moored to its side. To the right, a single-story building with a prominent gabled roof houses a boat rental business. A sign on the building's overhang clearly displays the text "ROWING AND SAILING BOATS FOR RENT". Above the main building, a tall concrete pier or bridge support structure rises, casting a long shadow over the water. The background is filled with dense evergreen trees under a bright, clear sky.
