

Natick, 18th Nov^r 1854.

Dear Brother Richard,

Thy letter
was received today we were thinking
that it had been nearly a week
since we heard from thee. I was
most afraid thee was sick. by a
note to Aunt Mary-Ann to-night
we learn that Boniwago will be
here to-morrow morning has gone
South some-where I do not know
when. I wrote a long letter to
Aunt Catharine last night. I
must complain of the head-ache too
I have had it now for three nights
third-day I had a sick-head-ache
Lydia and Hannah Fuller have
been here visiting Uncle George
and Aunt Margaret when they
came they intended to stay two

weeks but Lydia was unable to stay
left to-day. We are reading a debate
upon the Bible between Mr Barker
and Dr Bay it is very long in
the "Daily Register" sent by Uncle
George Sherman. I believe Uncle
Thomas is reading it. We were
very much pleased with thy
letter this time it was so well
written well worded and I do
not think there was not one
word mispelled in it. Mother
says she thinks there is improving
fast and says she would
like thee to keep up the correspondence
with John Alliger she thinks
he is a very nice boy. Willie
is somewhat better to-day
he is not sick only that he has
a very severe cough. He says tell
thee that Father has told the
pewer men that William's pewer
called his. Last evening when

I was writing to Aunt Caroline
Willie said Mother give my love
to Aunt L. & tell her that I have
not forgotten her own name. There.
I know does thee like thy new shirt
and does thee wear them much?
Father & Mother send their love
to you. With love I remain
thy affectionate sister.
