March 15th, 1926.

My dear Mrs Walker:

Word has just come to me that you are re-cooperating at Hot Springs and I am rejoiced to know that you are taking the time to indulge this needed rest.

Hope you will take a couple of months and look over Tuskegee before you return East. Under separate cover I am handing you a copy of Opportunity. There is an article in it by Mr. Holsey which I trust you will read, and if you feel so disposed, I hope you will write him a letter about it.

Have a reason for this request which I will explain when I see you.

My very kindest regards to those about you and be assured that I will be a true friend to you as long as the Congo runs to the Sea,

*Melvin Chisum*
