Confederate Soldier Monument
Caldwell County, Kentucky

Section number 7, 8, 10

Page 1

Description: The Confederate Soldier Monument on the courthouse lawn in Princeton is granite approximately 15 feet tall. It consists of a base, a pedestal, and a statue. The base is a slab of granite with rough cut edges some five feet wide. It has a pyramidal section that rest upon the slab that supports the pedestal. Both parts are white unpolished granite. The pedestal is polished granite approximately eight feet tall. It is unadorned except for a circle motif near the top and an inscription on the face. The inscription reads: "C.S.A. In Memory of Confederate Soldiers and the Cause for which they Fought 1861---1865 Erected by the Tom Johnson Chapter U.D.C. Our Heroes Deeds and hard Won Fame Will Live 1912." The statue is of a Confederate soldier in a defiant pose, arms cross tilted slightly back hat in hand.

Statement of Significance: The Confederate Soldier Monument in Princeton meets National Register criterion A and is significant within the context of "Civil War Monuments in Kentucky, 1861-1935." This monument was erected by the Tom Johnson Chapter of the United Daughters of the Confederacy (UDC). The UDC was responsible for more monuments in Kentucky than any other organization. This is one of fifteen monuments that can directly be attributed to the UDC. This is very typical of monuments constructed in the 20th Century. It was placed in a public place and this particular monument exhibits no signs of mourning. In fact the statue seems defiant and proud. This monument is an excellent example of the property type "statue." It also is a good example of a monument that celebrates the Confederacy and the Lost Cause.

Verbal Boundary Description - The Confederate Soldiers Monument whose boundaries form a circle with a radius of ten feet located on the southeast corner of the Caldwell County Courthouse.

Verbal Boundary Justification - The area associated with the monument is restricted to the ground on which the monument sits and a small buffer around it. The setting outside such a restricted area is not seen as critically important to maintaining an integrity of association. Because the focus of the multiple property submissions is the significance of the monuments, their proposed area of listing will reflect that they have been considered by-and-large, in isolation from their surrounds.
