hio Historic Preservation Office Ohio Historical Center Columbus, Ohio 43211

Portsmouth, was completed in 1832. For 30 years this waterway was a great con- trolling factor of increasing commerce, manufactures and population in Ohio. That portion of the canal between Akron and Cleveland opened July 4, 1827. The irop of 395 feet between the two cities was accomplished by 41 locks in 35 miles. 44. Description of Environment and Outbuildings That section of the canal between Lock No. 36 just north of Rt. 82 and Lock No. 39 is the best preserved portion between Akron and Cleveland. U.S. Steel at 21 leveland leases water rights from the State and maintains both canal and tow- path. Lock No. 39 is directly behind Cabala's Boat house, a popular local tavern. 45. Sources of Information 7 rank Wilcox, The Ohio Canals, selec. and ed. William A. McGill (Kent, 0.: Kent State University Press, 1769). 46. Prepared by Carol Poh Miller 47.
