

A black and white photograph of a single-story building with a textured, stone-like facade. The building has a door with a small window and a sign above it that reads "HISTORIC LIGHT PLANT". To the left of the door is a window with a metal grid. Further left, there are two white roll-up doors. A utility pole stands in the foreground on the right, with wires running across the scene. The building is situated on a sidewalk next to a street.
