#76 Tony Manzanares House, ill. 66, 30' E of the Los Ojos Road
and 0.3 miles N of La Puente Church.

4. Owner: Tony Manzanares, Sr., La Puente Rt., Tierra
Amarilla, 87575

7. Description: foundation unknown; mud plaster over hewn
horizontal logs with end notching (main) or jacal (rear
addition); 6/1 double hung windows; corrugated metal gable and
shed roof (rear), horizontal plank in gable, exposed
(unmilled) pole rafters.

Located at the bottom of an east-west field, beside the
Los Ojos Road, just above the drop-off from the first plateau
to the river.

8. Significance: Built in the 1930's, this house indicates
the continuing vitality of log construction and the local
housing tradition. Tree ring samples could determine if the
hewn logs were reused from an earlier building, as often
happened, or cut fresh for this house, which seems unlikely at
this late date. Numerous other examples of jacal remain from
this decade. The use of unmilled poles for rafters suggests
the builders lacked money. It is probably a one-room
"honeymoon" house.

10. Acreage: under 1. UTM Ref: 13 357330 4063340

Boundary: A rectangle, roughly 50' by 45', formed by a
line parallel to and ten feet from the house walls.
