A black and white photograph showing a close-up, top-down view of a metal bridge component. The component is a long, narrow, rectangular plate with several circular bolt holes. The text "THE CANTON BRIDGE CO." and "CANTON, OHIO" is embossed on the surface. The component is positioned in a narrow, shallow trench or channel, with a dirt embankment on the left and some sparse vegetation on the right. The lighting is bright, creating strong shadows and highlights on the metal surface.
