We Say Farewell to the

Old Franklin High School

1772-1785
1961

Because of crowded conditions, our community is now building a spacious new high school. Franklin Community High will include thirty-seven classrooms, cafeteria, swimming pool, auditorium, and many laboratories. The new school will also contain a 4,400-seat gymnasium with a floor that can be converted into two regulation-size playing floors. A football field and track will be located behind the school.

Our old building will become a junior high and elementary school. Although many students may look back with nostalgia at the wonderful years which they have experienced here, they realize that there will be many good times to come in the new school.

Now, as our seniors go on into many walks of life, our underclassmen will continue their busy high school years in the new building.

No matter what the future holds for us, we all join together in saying Farewell to Old Franklin High.
