side view of the bridge from the west,
view to east.

photo 1 of 2

A black and white photograph of a wooden truss bridge. The bridge is constructed with dark wood and features a complex truss structure of metal beams. It spans across a wooded area with many bare trees. A sign is attached to the railing on the left side of the bridge. The sign is rectangular and contains the text "5 TON LIMIT" in bold, capital letters. The bridge deck is made of wooden planks, and the railing consists of two horizontal wooden rails. The background is filled with a dense forest of leafless trees, suggesting a late autumn or winter setting. The sky is overcast and grey.
