FLORENCE
RAILROAD COMPANY
In 1854 the Florence Rail-
road Company was chartered
and authorized to build a
route in the east. The
route was found to be
practicable. It operated
for many years and a
large amount of freight
was shipped to the
city. The route was
closed in 1882. The
road was abandoned
in 1882. The
road was
reopened in 1912.
