NO SMOKING

A black and white photograph of a doorway. The doorway is framed by a dark, possibly black, door frame. Above the top edge of the frame, a small, rectangular sign is affixed, containing the text "NO SMOKING" in capital letters. The sign is light-colored, likely white or light grey, and stands out against the dark frame. The interior of the doorway is visible, showing a light-colored wall and a dark, rectangular shape that could be another door or a shadow. The surrounding walls are also light-colored, and there is a bright, overexposed area on the right side of the image, possibly from a light source. The overall scene is dimly lit, with the primary light source being the bright area on the right.
