The brick building was built b contractor John Rigby and designed by W. A. Bitchie. Ritchie also designed the Spokane County Courthouse, utilizing a completely different style. The total cost of building was approximately \$125,000. In 1964 the lower floor of the building was renovated. An elevator has al been installed. The courthouse has a commodious formal courtroom, a wide staircase, and carved oak woodwork. A tall, steeple-lik clocktower serves as a beacon, visible from any directio including the sea, as one nears the city. The clock was shipped around Cape Horn to this community before the tu of the Century. The building took two years to construct. Eleven stone- cutters and twelve brick masons were utilized in the car- ing of stone and elaborate column capitols and the layin of 4,000,000 the ks shipped from St. Louis. All county business is transacted here. The jail is housed on the ground floor of the building. Jefferson County was organized from Lewis County (one of the state original eight counties) in 1852. A large portion of th county is in the Olympic National Park. The county from on both the Pacific Ocean and Puget Sound. Port Townsend, the county seat, has a number of Victoria Buildings.
