PHOTO 6

A black and white photograph of a brick building's entrance. The building features three large, arched openings. The central archway contains a glass double door. Above the door is a small, ornate lantern-style light fixture. The arches are supported by brick pillars with decorative keystone elements. In front of the building is a set of concrete steps with metal handrails on both sides. A sign is placed on the steps, centered in front of the glass door. The sign has the text "PLEASE USE REAR ENTRANCE" written on it. The overall style is classical or institutional.

PLEASE  
USE REAR  
ENTRANCE
