NJ. MORRIS US ARMY 4039 120#20

A black and white photograph showing a close-up of a metal surface, likely part of a locomotive. A dark, rectangular nameplate is mounted on the surface. The nameplate contains the following text: "AMERICAN" in large letters, "LOCOMOTIVE COMPANY" below it, "70421" in the center, "SCHENECTADY WORKS" below that, and "NOVEMBER 1842" at the bottom. The metal surface is textured and shows signs of wear, with some rivets visible. In the background, a vertical cylindrical object and some foliage are partially visible.
