was first occupied in the spring of 1802. On August , a cupola, which had served as a bell tower, was re- om the top of the Hall. In 1873 the two top stories own into a single room, called the Cleaveland Cabinet. ised roof and a gallery reached by two spiral stair- re added. A second story was added to the projection ast side to form an entrance hall and staircase to veland Cabinet. In 1936 the building was remodeled as rative offices and in 1942 the third floor was re- nd finished as a faculty room.
setts Hall measures 50'.5" (five-bay front) x 40' 5". e-story building is of red brick construction. It has d a half story side ell and a hipped roof.
ly the hall was to be fifty feet long, forty feet d three stories in height. These stories were to be e and seven and a half feet high and the entry hall e ten feet wide. The roof was to be hipped and to pediments.
funds delayed completion for three years and dictated e of the proposed architectural plans be simplified.
rior has been altered greatly, while the exterior has e relatively little change through the years.
