ROBERT O. JONES HOUSE (501 W. College Avenue) Intensive Survey Form - Continuation Sheet (1)

ARCHITECTURAL STATEMENT:

<u>Description</u>: The solid, rectilinear quality of this frame house is subordinated to a delicate, curvilinear veranda. The house is two stories, with an attic covered by a steeply pitched hip roof. Gable roofs project to the north and east, but the plan remains a contained rectangle, broken only by a rectangular bay, canted to the northwest corner of the first itory. Vertical boards, suggesting corner posts, imply a projection of the gable ends, and in the gable peak divide shingle work from sunburst panels. The sumburst is also repeated in the gable peak of the veranda where a simple bargeboard forms an arch which accents the sunburst panel. Turned posts support the veranda roof, and are connected by a railing and frieze of spindles. The veranda terminates (beyond the northeast corner of the house, in a circular pavilion-like feature, capped by a conical roof.

<u>Significance</u>: The Jones house, architecturally significant as a representative example of a period of construction, remains as one of the finest examples of Late Picturesque design in Waukesha. A number of buildings erected in the city follow this design, however, this particular building was richly embellished and remains basically intact. Simpler versions of this house design are located at 201 Prairie Avenue (Wk 39/2) and 525 Lake Street (Wk 5/2).

HISTORICAL STATEMENT:

Jones is listed in the 1898 City Directory as a postal clerk. (B)
