Ground Plan of the late Meeting house of FRIENDS at "Little Falls"

Taken from actual measurement by ~~Edw. Ferris~~

7<sup>th</sup> Feb 1843.

My dear friend

I enclose a sketch of the Old Meeting House taken just before its fall. - I regretted the necessity for its destruction, and as I could not save it, I tried to preserve a shadow of it; which I send to be placed among thy Archives, for the use of future generations, that they may see one of the Memorials of the piety of those who first set up the Standard of Friends at the Little Falls of Hempstead.

affectionately thy friend

Jan 20. 1843

### *What Friends*

*The best of Quaker life is  
that there is something of  
it in every soul, and we have some*

*When Friends meet together  
to pray or to hear the  
word, it is the cleaner of  
their souls that they  
gather in society, for we  
are seeking God constantly and  
in all places, and the church is  
of ordinary work.*

*The first of our meetings  
is called the Yearly Meeting,  
and is held in the month of  
July, and is the most  
important of our meetings,  
and is held in the month  
of July, and is the most  
important of our meetings.*

*Our meetings are not  
held in the month of  
July, and is the most
