#998 514 University, ill. 26.

4. Owner: Dr. Douglas Hughes, 508 University, Las Vegas, NM

7. Description: Single file plan with small shed-roofed side addition; clapboard with end boards; asphalt shingle roof; small eaves, enclosed, frieze boards; 2/2 double-hung windows with board surrounds; single door; porch posts with "bases," brackets and stick frieze. Located in a mixed residential/office area. (See previous page.)

8. Significance: This is a very good, intact example of the simplest form of the local Wood Vernacular house. The twenty-five foot wide lot dictated the single-file shape. The limited decoration is concentrated on the porch; the height of which is so low that the stick frieze was omitted across the front.

Long a residence, this building was recently converted for use by Dr. Douglas Hughs who has used a dark color to accent the porch details, watertable end boards, and frieze boards.

10. Acreage: under 1. UTM Reference: 13 480580 3939150

Boundary: Lot 8 of Block 21 of the San Miguel Town Company's Addition.
