Interior Overview

Cape May Court House, N. J.

Photo by: Edward Filipowski

A black and white photograph of a double door with an 'EXIT' sign above it. The door is set within a highly decorative, classical-style architectural frame. The frame features a prominent pediment with a geometric, maze-like pattern. Above the pediment, there are several horizontal bands of decorative relief work, including floral and scrollwork motifs. The ceiling above the door is also decorated with a grid of square panels. The door itself has four rectangular panels on each leaf. A vertical handle or latch is visible in the center of the door. The overall appearance is that of a formal, possibly institutional or historical, building entrance.
