Announcing Greater San Diego's EXPOSITION

MERCHANTS - MANUFACTURERS -AUTOMOBILE

WHILE the basic purpose of this Exposition is to create a great, colorful bazaar of interesting merchandise ranging from feminine fashions to marine engines, the carnival spirit has not been forgotten, but will reign supreme. On every floor of the Exposition there will be free music and other entertainment; there will be free band concerts and moving pictures on the roof; free refreshments will be served on all the floors; many of the exhibitors will present free souvenirs. All this to a gorgeous background of color and dazzling illumination effects.

For the greater convenience of visitors, extra - wide, twenty-foot aisles will divide all exhibit rows, preventing congestion and confusion. Further, visitors will ascend by elevator to the roof and then return Piggy-Wiggly style to the floor, so that no exhibit is missed.

This great Exposition represents not only a complete tour, in one hour, of San Diego's miles and miles of shops, industrial plants and automobile rows, but all this to the enjoyment of music, color and gaiety. Despite the fact that there is no admission charge, the show will be well worth your presence and that of your entire family.

You may even wish, so interesting and entertaining will be this Exposition, to come two or three nights, for which reason we shall have a nightly change of motion picture programs, which will include a drama and a comedy.

Come early, come late, but come.

THROUGH the co-operation of H. R. McClintock, president of the new McClintock Storage Warehouse Company, who has kindly donated the exhibit space, the merchants, manufacturers and automobile dealers of San Diego join hands in presenting the city's greatest industrial and commercial exposition. More than a show, or even a series of shows, this event is a veritable call to arms of commercial and industrial San Diego to assert their rightful position in the city's life and growth.

You who have not realized the metropolitan range and beauty of local merchandise, the extent and significance of our 325 industrial establishments, the commanding part San Diego motor car dealers play in this community, will welcome this informative, as well as entertaining exposition. Remember this is a free show for all the people of San Diego—it is YOUR show—therefore, we ask you to be sure and attend it.

The Merchants, Manufacturers and Automobile Dealers of San Diego

6 p. m. until midnight

Last Night

10,000 said "Great!"

....Come tonight to the Exposition astonishing a city

NEEDLESS to say, the response of San Diegans to the opening night of the Greater San Diego Exposition was overwhelming. In view of the general and pronounced pride and interest in local achievement of all kinds, including industrial and commercial, this response was but to be expected. The fact is indisputable that this great Exposition could go on day and night for a whole week and still be largely attended. For which reason we urge your early presence. Come tonight if you can and so prevent undue congestion tomorrow night. Remember everything is free and that the carnival spirit reigns supreme....the prime purpose of this six-ring show is to be interesting and entertaining; everything else is secondary. This is a free show for all the people of San Diego; it is, in a real sense your show; therefore, be sure to attend it.
